THE EDITOR'S WORD

We have tried to bring to you on the following pages, pictures of you, your friends, and your faculty in the many phases of life connected with Muleshoe High School, so that you may have a permanent record of your years in high school.

The staff and I have earnestly tried to give you what you wanted in the 1954 Muletrain. We have tried to give you more pictures and have attempted a change from the ordinary. If you are pleased, we have succeeded.

DEDICATION

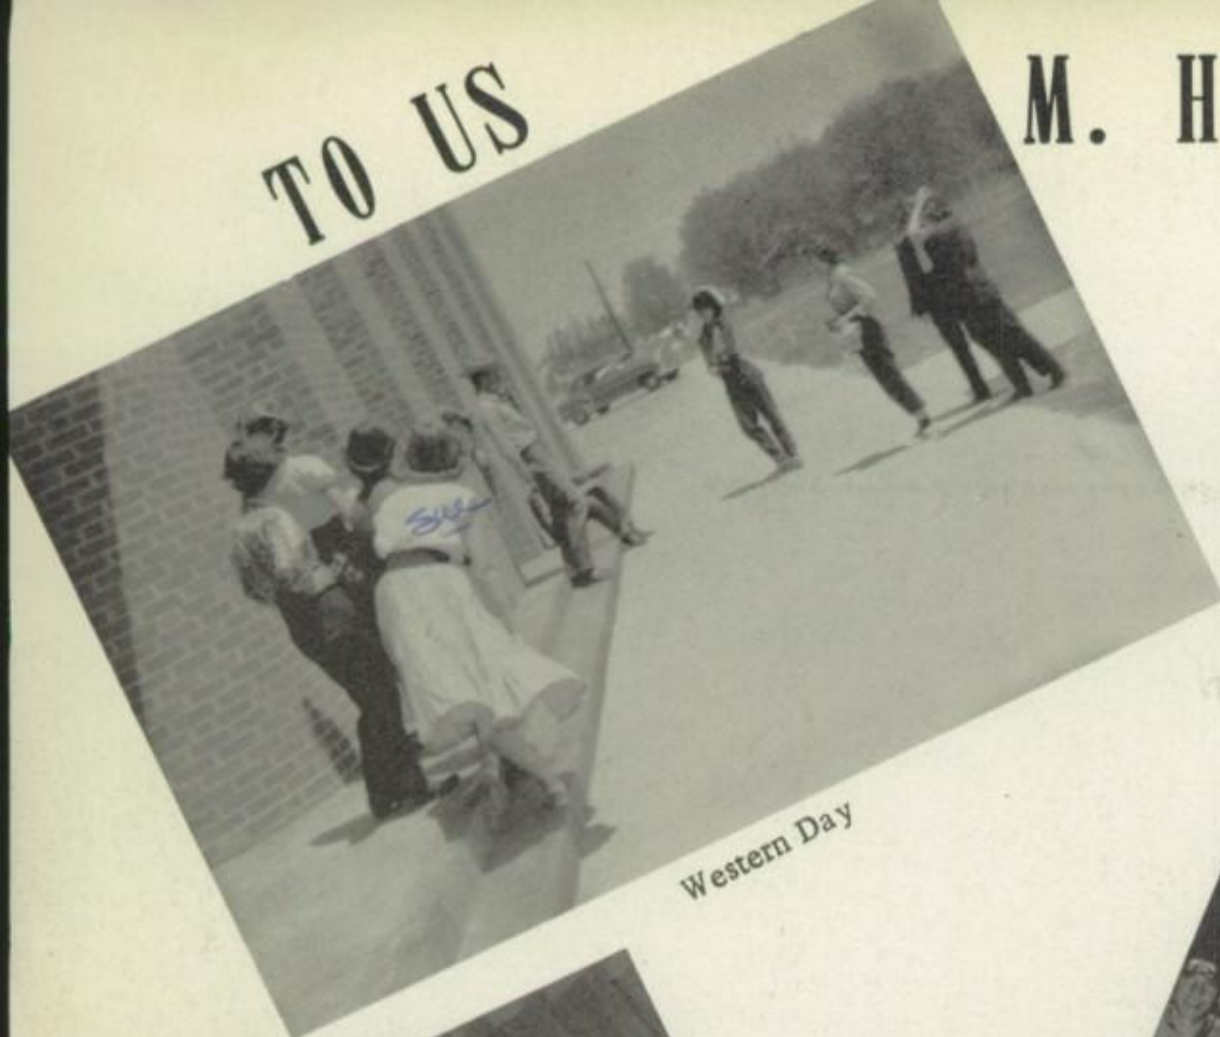

Learning brings Happiness and Responsibility--So we dedicate the Annual, springing from the Learning and Experiences of our School Days, to the Student Body of Muleshoe High School.

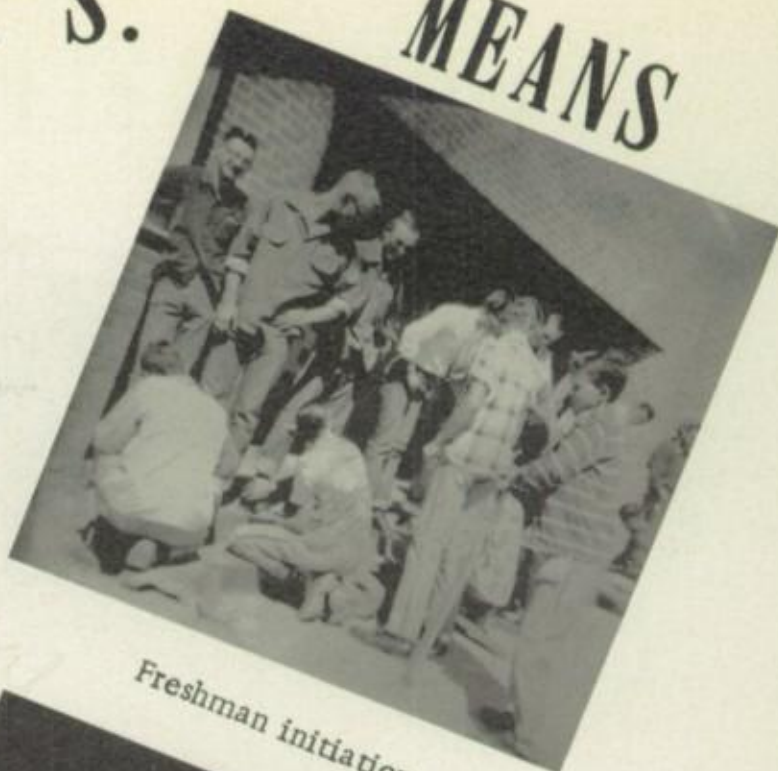

TO US

M. H. S.

MEANS

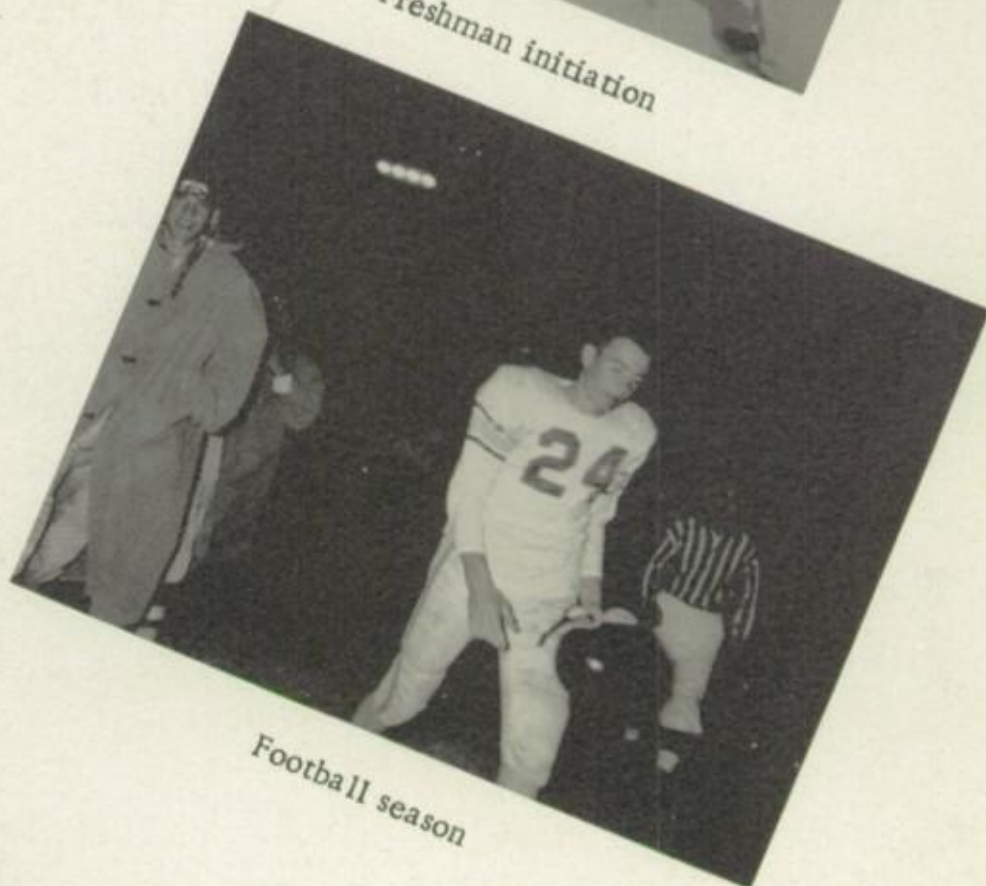

Western Day

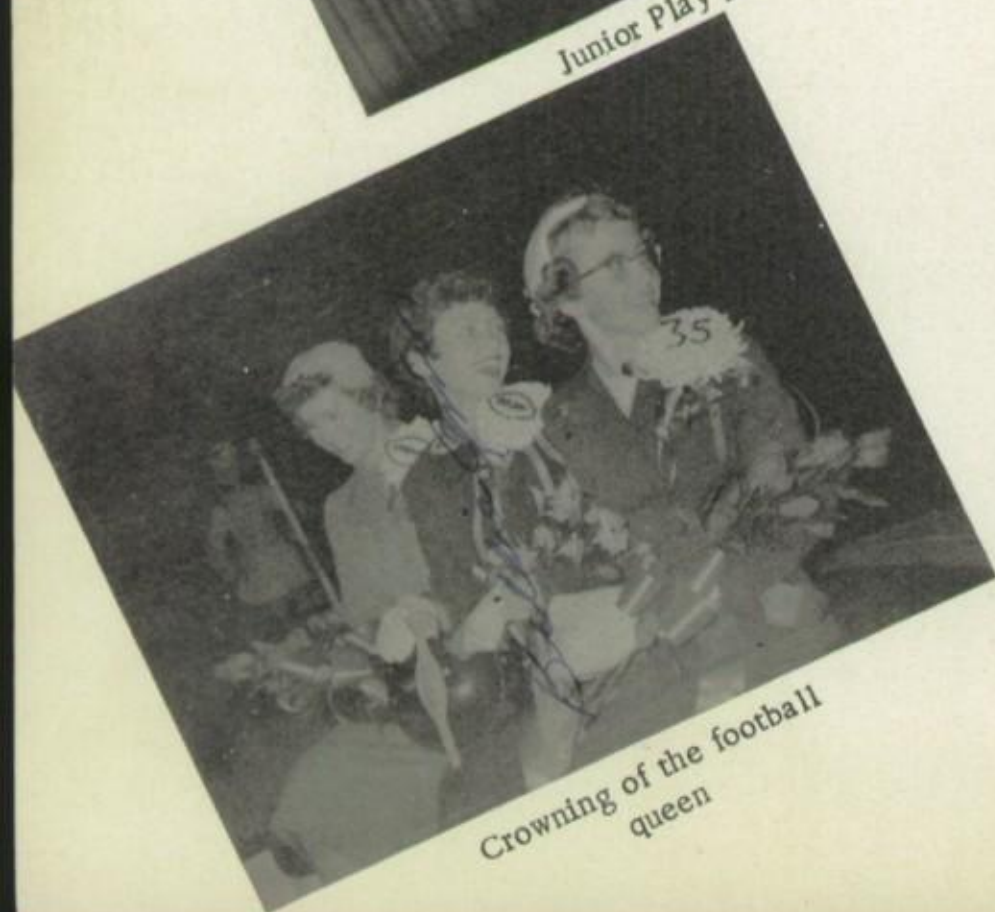

Freshman initiation

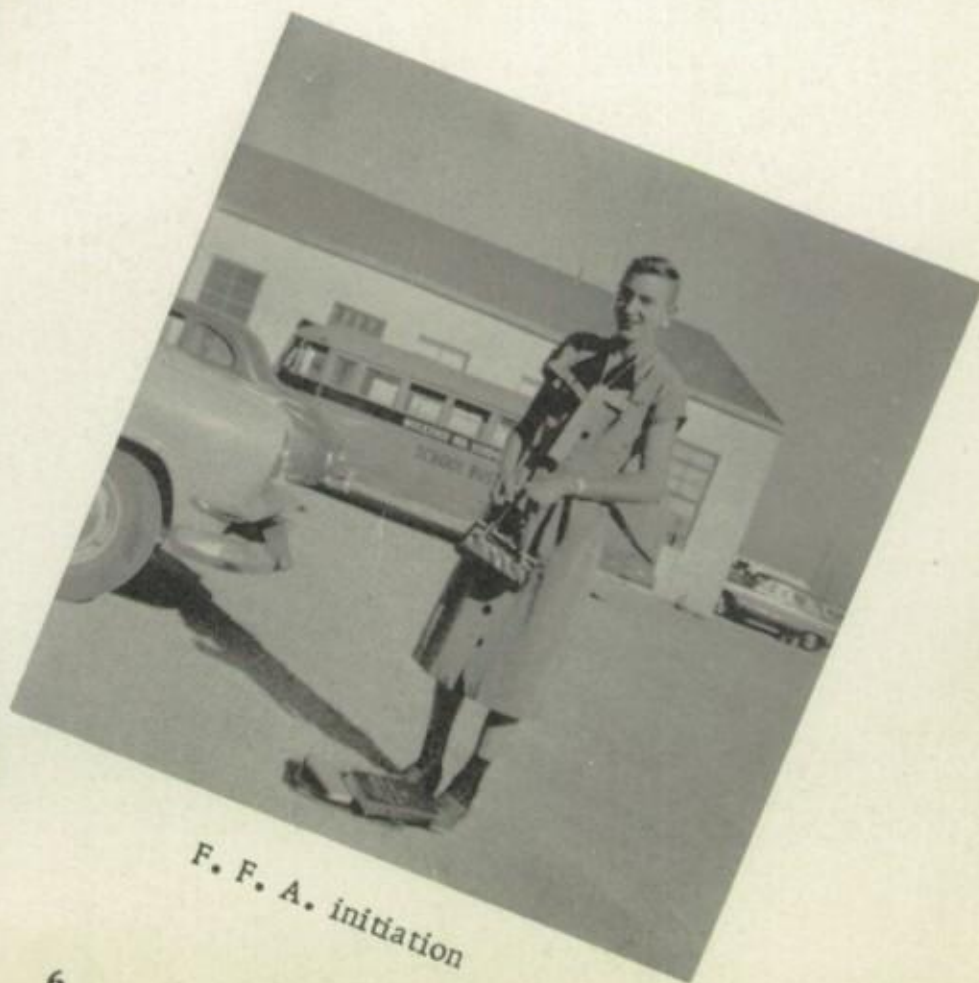

Junior Play practice

Football season

Crowning of the football queen

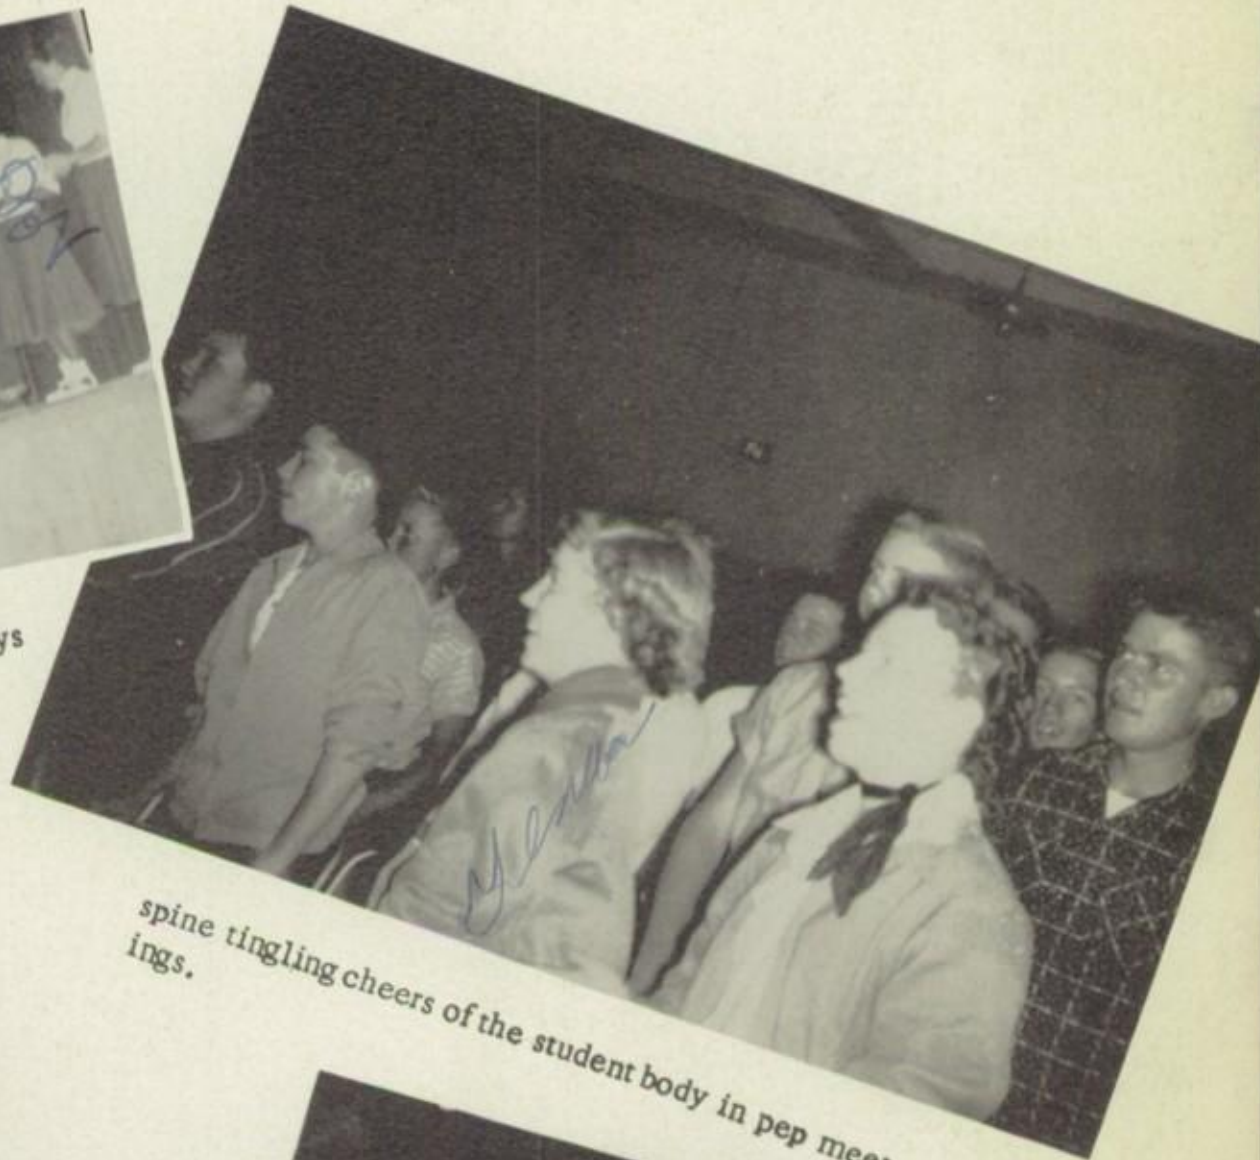

F. F. A. initiation

TO US, "MULESHOE HIGH" MEANS....

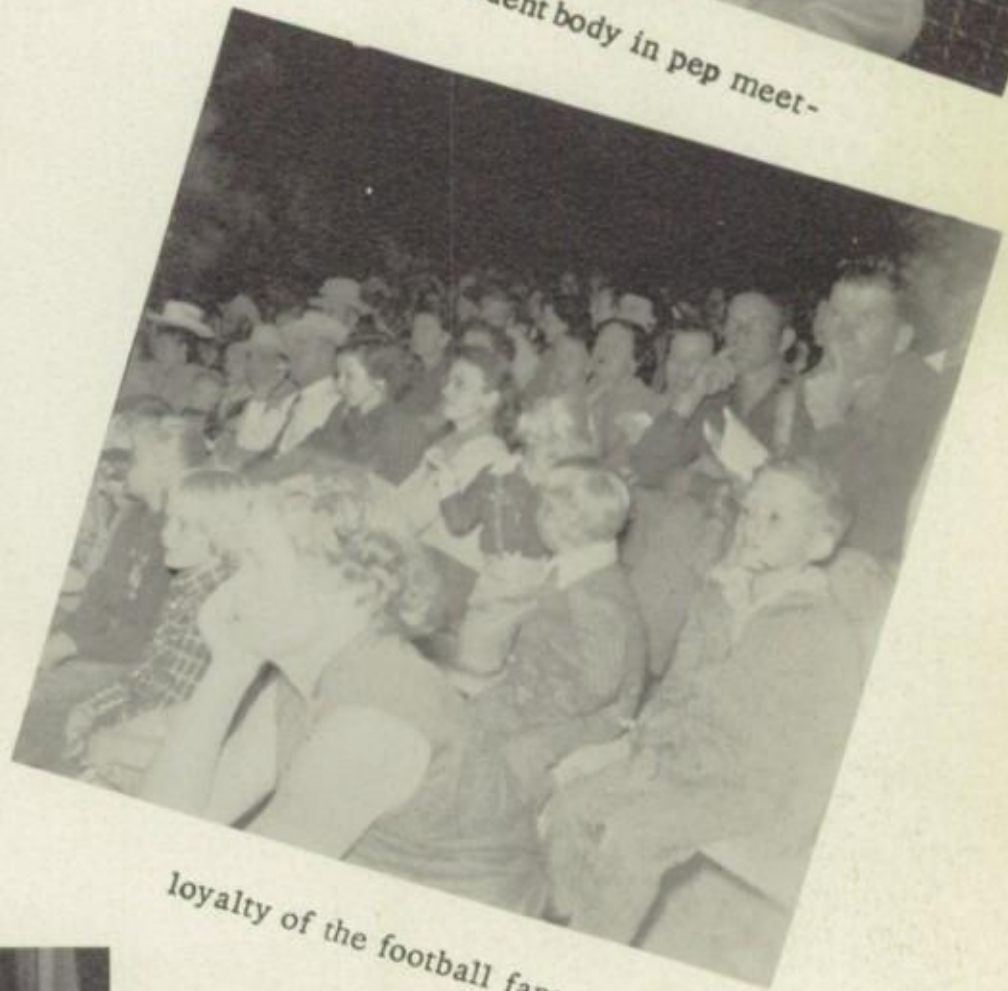

The presentation of the football boys
and the

spine tingling cheers of the student body in pep meet-
ings.

The excitement of football games
and the

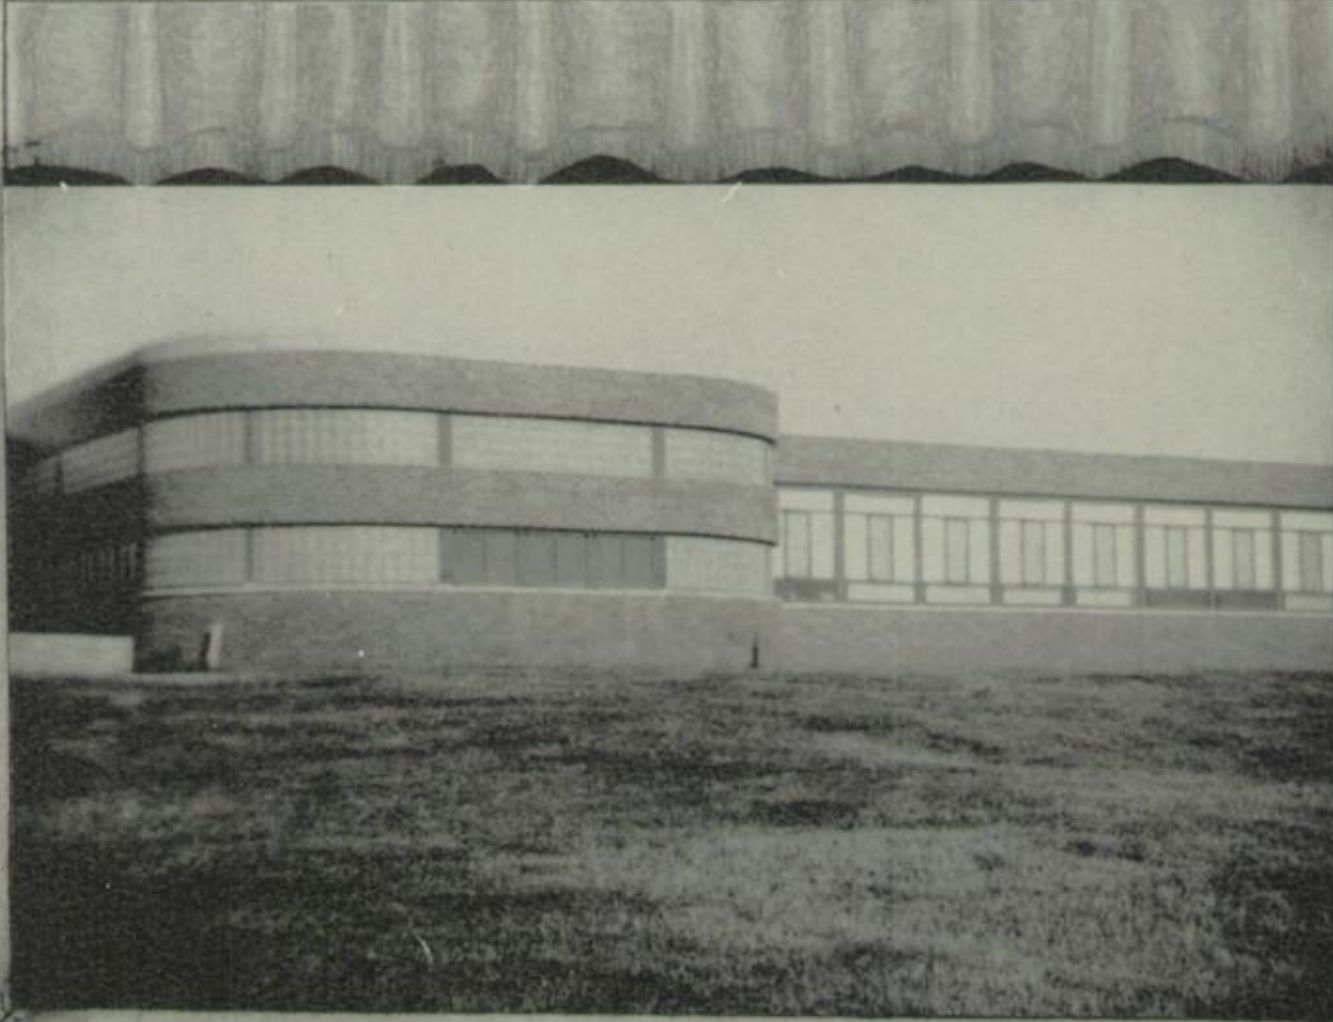

loyalty of the football fans.

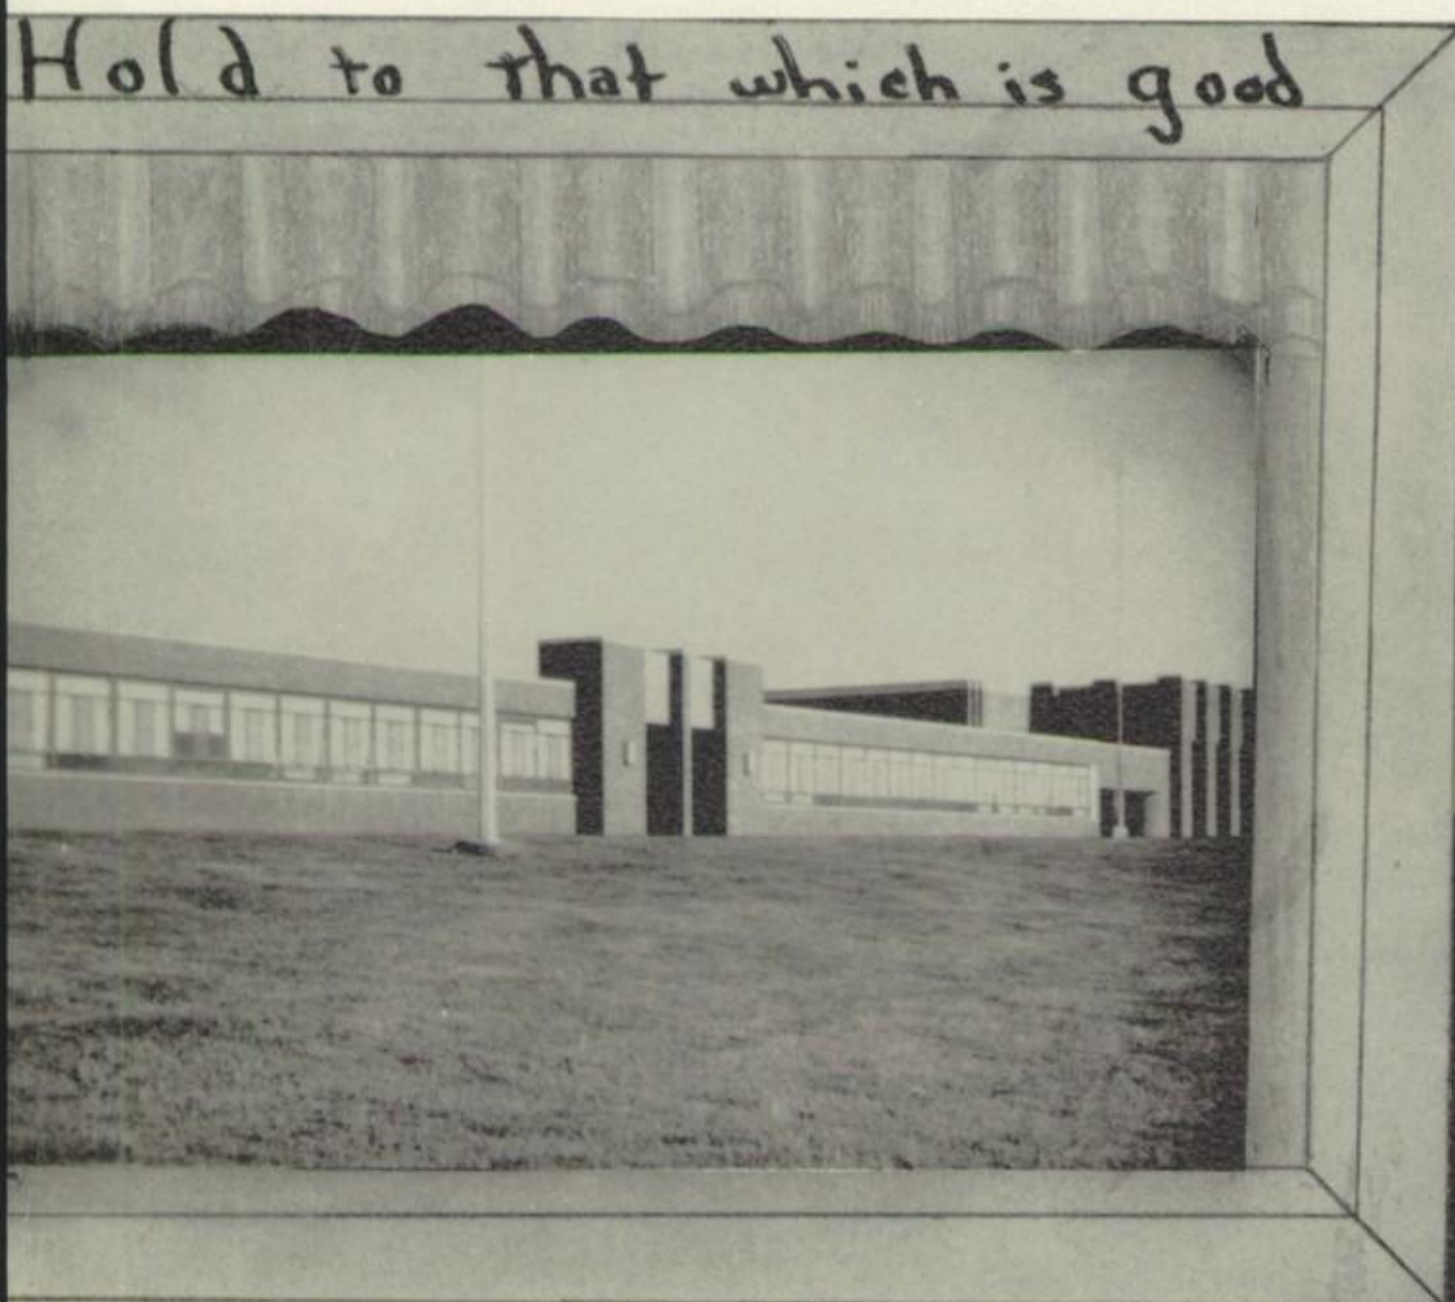

Woodwork, and the importance of the girls in the mak-
ing of furniture, proving that boys are not the only
ones who can handle a saw.

Prove all things

Muleshoe High School prides itself in having a democratic, co-operative group of teachers. Throughout the years, boys and girls have gone on into various fields or to higher levels of education, and repeatedly have given praise to those who have so diligently and patiently helped prepare them to meet the issues of life, or to take their places with those in college.

Many of the teachers have wide and varied interests, but first with each of them is a personal interest in the student.

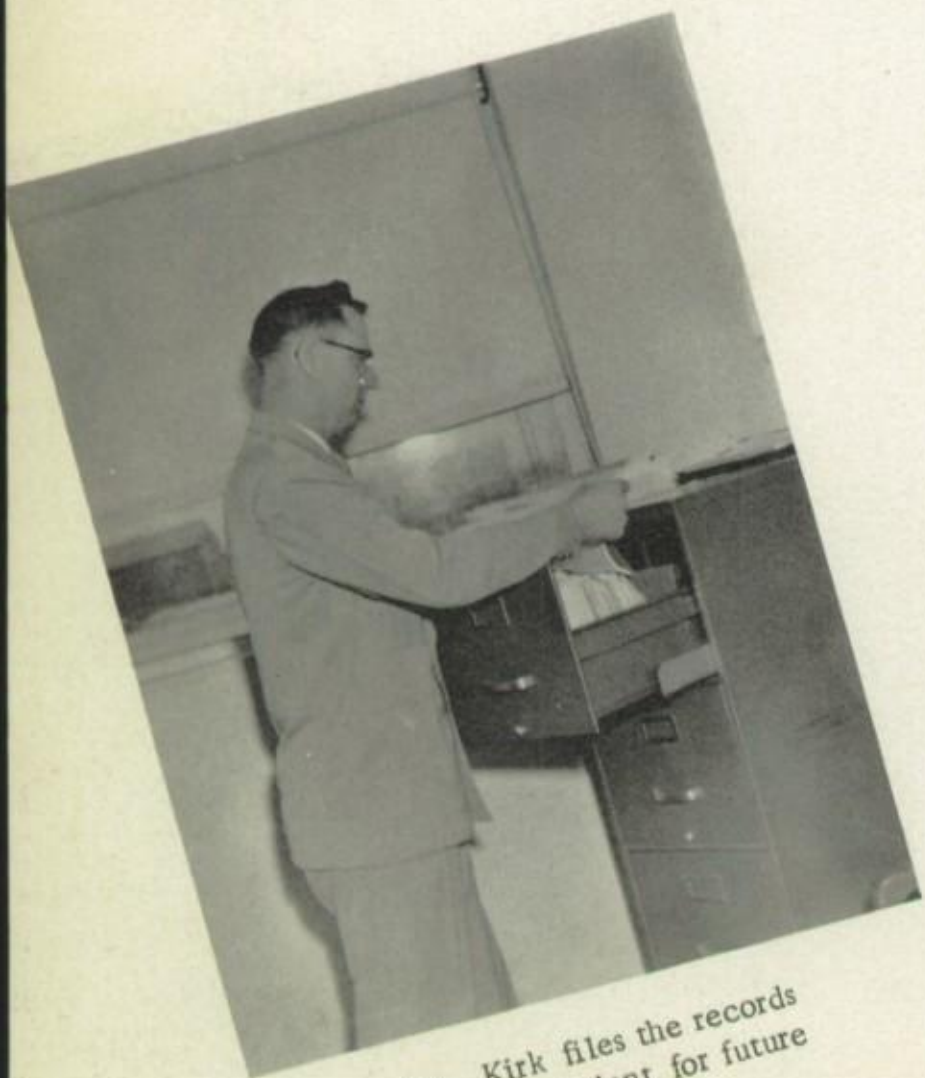

SUPERINTENDENT

MR. JERRY KIRK
Superintendent of Schools

Mr. Kirk is no newcomer to Muleshoe, having first served as principal of the grade schools and of the high school before being made superintendent over all. He received his B.S. degree from Southwestern State Teachers College in Weatherford Oklahoma, and his Masters degree from West Texas State College in Canyon, Texas. Ruskin once said, "God intends no man to live in this world without working; but it seems to me no less evident that He intends every man to be happy in his work." Truly we can say that Mr. Kirk, in this respect, fulfills God's plan, for work he does and we've yet to see him without a smile on his face. We are indeed fortunate to have so capable a leader as our superintendent.

Mr. Kirk files the records of each student for future use.

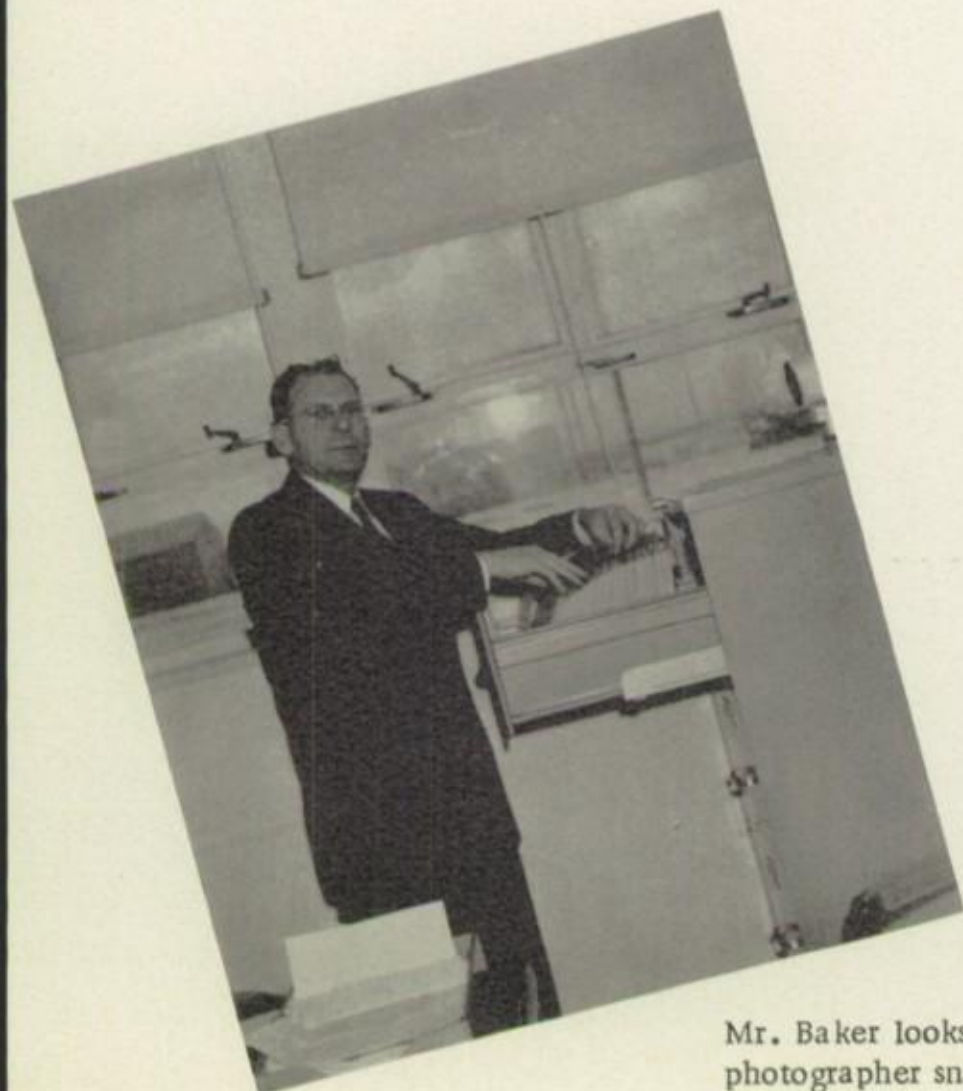

Our superintendent tackles the daily job of taking care of the correspondence that floods his desk.

HIGH SCHOOL PRINCIPAL

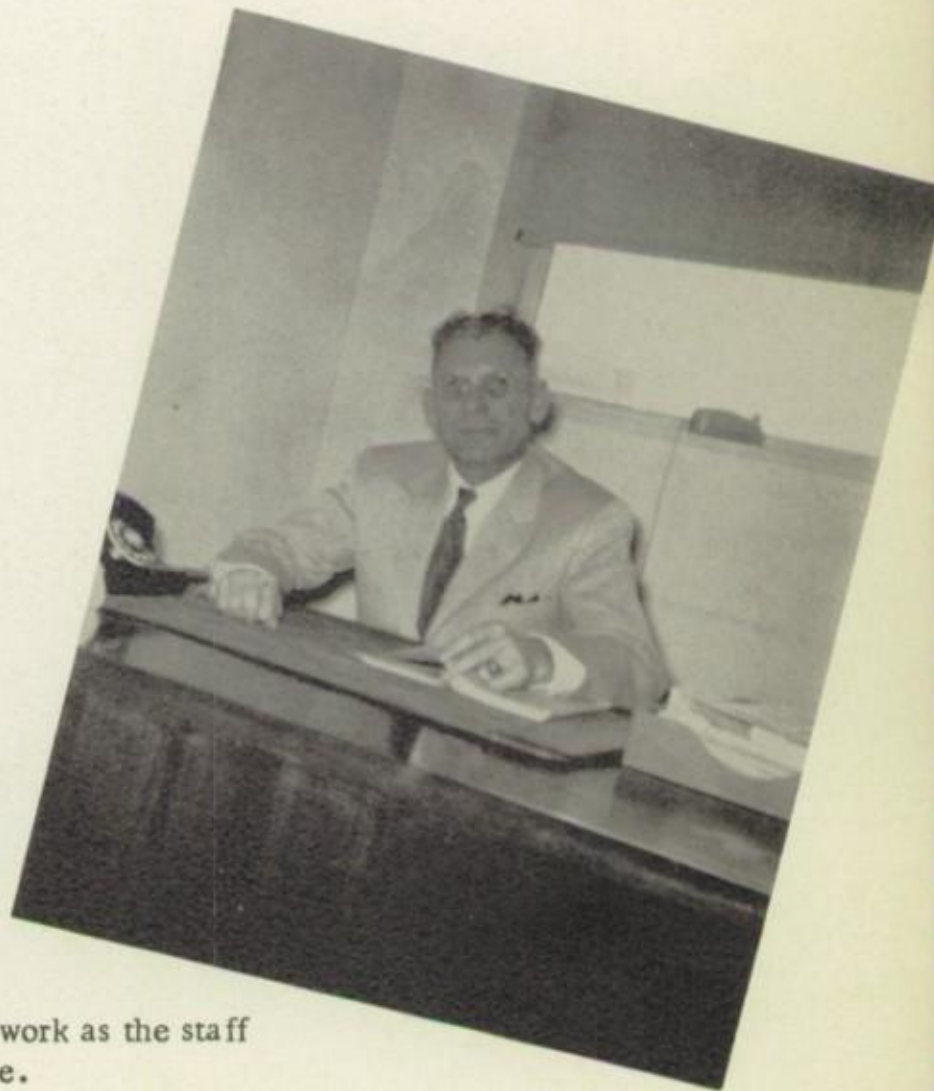

MR. J. R. BAKER
Principal of Muleshoe
High School

Mr. Baker is serving as our principal for the first time this year. He hails from Eastern Oklahoma having taught several years there and in Arkansas. He received the B. S. E. degree from E.S.T.C. in Ada, Oklahoma, and the M. S. degree from the University of Arkansas in Fayetteville, Arkansas. Mr. Baker has proved he has been well trained in the operational functions of a high school and time will make deeper the niche of esteem he is carving for himself.

Mr. Baker looks up from his work as the staff photographer snaps his picture.

BUS DRIVERS

Prove all things

Success has come to not-a-few graduates of Muleshoe High School. It is agreed that success is not measured by how prominent a person is in the world, but by the happiness one can find and pass on into the lives of others. A long list of graduates, who have taken their places as civic leaders in our own, as well as other communities, and in so doing are making better places in which to live, is compensation enough for effort given to make ours a good school.

Prove all things

Favorites in Muleshoe High School are those who will be remembered through the years by every student in school. It is that special smile, hello or talent that makes each individual stand out from the crowd. The one who always knows the answers and still has time for activities is a never-to-be forgotten person.

Muleshoe High School is blessed with many favored boys and girls, but it is for some special something that these have been selected as special favorites.

MASTER MINDS

Abraham Lincoln once said, "I will study and get ready, and perhaps my chance will come". These boys and girls who have been selected to be pictured in the MASTERMINDS division have learned the meaning of this quotation. They have been chosen by their teachers as the outstanding students in the various classes. Time and effort well spent has proved advantageous to each one. It may well be said that they are qualifying themselves as leaders of the rising generation for patrons of good government, virtue and happiness.

Organizations and clubs have come and gone from Muleshoe High School in the past years. These are the center of high school life - giving a little relaxation from the daily work of classes. MULESHOE NEWS GIVES A CLEAR REPORT of THE HEE-HAW H. S. LIFE

Jimmy Allison
EDITOR

Mrs. Baker

Waynelle Weaver and Bobbie Harrison amuse each other writing up the gossip column, while Mrs. Baker looks over their shoulders to censor, if necessary.

Holly Ann Cox, Helen Mitchell, and Peggy McCormick are checking over the articles for the next issue of the paper with Ray West while Melvin White and Sammy Donaldson Peer over their shoulders.

That was a good one Roger Gorrell told Joe Coffey as they review the sports events of the week.

Below, Wayne Bristow sketches the cover, while Donald Harmon begins the typing duties.

THE HEE-HAW STAFF

The HEE HAW is sponsored by the journalism class and written and edited by the journalism students. Today's journalism students are tomorrow's journalists, seems to be the ideal held out of these hard-working youths.

Dorothy Lowery and Jim Holt look for their article in the HEE HAW!

Barbara Jones and Peggy McCormick get the suggestions out of the suggestion box, while the boys look on.

The paper staff poses

Muleshoe High School may not rank with the best in athletics, but with spirit and teamwork they remain unexcelled. If a winner were to be selected by keeping in mind, "Not whether you win or not, but how you play the game", then Muleshoe WOULD rank with the best. Several Muleshoe "Mules" have gone on to greater victories after graduating, becoming excellent college players.

Sammy Donaldson gets attention because he is the center on our team. He is a senior and a two year letterman.

Wayne Moore, another senior, plays halfback and is a three year letterman.

Kenneth, Captain, plays guard for the team. This makes his third year for a letter.

Benny Bickel plays fullback and is also a captain. Benny is a senior and is a three year letterman.

Bill Willis, another captain and quarterback, for the Mules, is a three year letterman and is a senior.

Oh, NO! says Coach Scott while Coach Johnson gets rid of a perfectly good fingernail. Knuckles a plenty are popping too.

YEA!

Jimmy Black, a senior, plays tackle for the Mules and is a two year letterman.

Jimmy Holt is a senior and has lettered three years. He plays end.

D. L. Morrison, a versatile player, plays both tackle and halfback. He is a senior and has lettered three years.

R. L. Gabbert plays guard and is a junior. That means we will have him back for another year. He is already a two year letterman.

Earnest Martin is a junior and plays guard. He is a two year letterman and will be back next year for another.

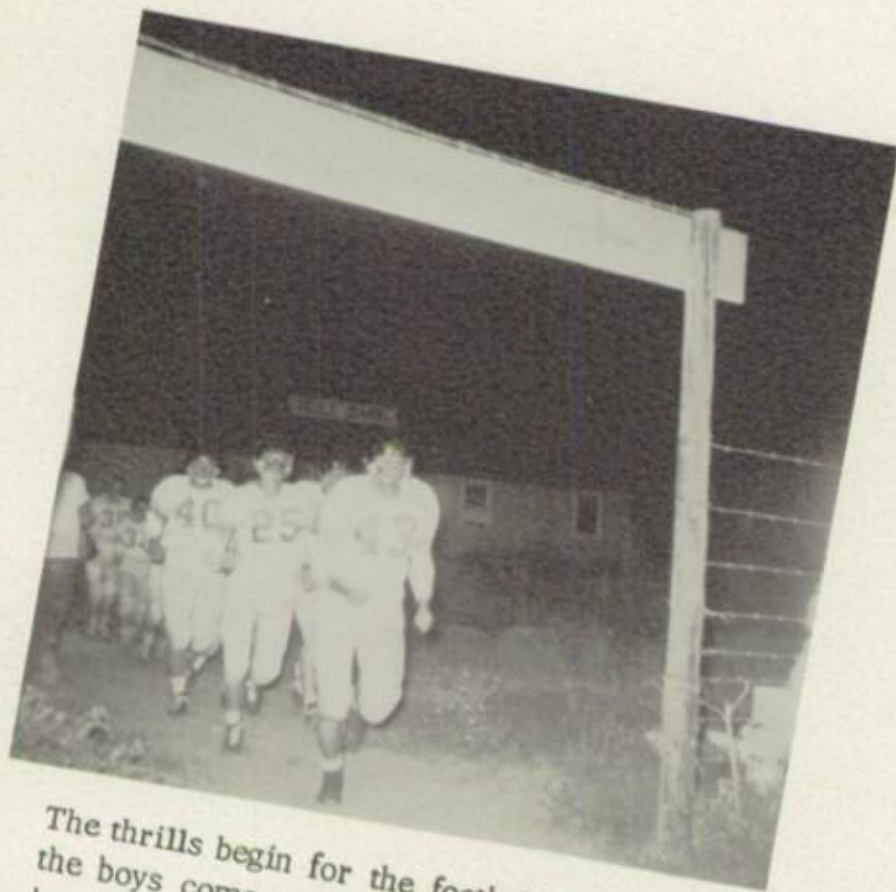

Don Moore, a junior, plays guard. He is a two year letterman who will be in the run for another one next year.

Charles Waggoner is a one year letterman at halfback. A sophomore, he has two more years to play.

Jackie Tidwell is a sophomore who plays end. He has one letter to his credit with two more years to play.

The thrills begin for the football fans when the boys come running out on the field, led by one of the captains.

MULES!

Keith Buhrman, a junior, plays end. We'll see him next year!

Lewis Blaylock got in playing time this year as guard. He is a junior.

Bobby Black plays center and is only a sophomore.

Doyle Henry is another sophomore and plays guard.

A sophomore back coming up for future playing is Doyle Rush.

Don Hall, a junior tackle, was hindered this year by a broken collar bone.

Dewayne Morrison, sophomore, plays guard.

Buddy Pool, who is a promising quarterback, is only a sophomore.
